

DHI-ITC602-RU1A-L/IRL

6MP Traffic Picture Capture Camera

Features

- ANPR E-police all-in-one camera
- Built-in HD camera (built-in polarization mirror switching module), connecting terminal, easy to install and debug
- High performance CCD image sensor, high color reduction degree, high sensitivity
- Adopt high performance Image Signal Processing (ISP)
- Adopt H.264 standard HD Video Format and 25fps HD Video Frame Rate
- Embedded integration component design, built-in a variety of algorithms, such as license plate recognition, color recognition, velocity measurement by video and so on
- Precise synchronization signal input and output control
- Rich variety of signal, data and communication interface
- Embedded lamp, cooling-fan, heater, anti-thunder to make the installation easier
- Saving 30% power consumption compared to traditional solutions
- Built-in thunder-proof module to prevent being struck by lightning
- Temperature -40°C~+80°C, Humidity 10%~90%, suitable for the rough work scene

DHI-ITC602-RU1A-L/IRL

	Technical Data	
Image Sensor	1 progressive CCD	
Max. Resolution	6.8MP, 3392 (H) ×2008 (V)	
Lenses	C-Model. Automatic control (P-IRIS drive)	
Camera Speed Shutter	1/25 ~ 1/100000	
Day/Night	Auto ICR (with polarized lens and infrared filter)	
Lamp	White light	IR light
Video Signal Interface	1 ×CVBS port and 2 ×100/1000M Ethernet port	
Digital I/O	2 Relay output – 1 optical coupling input – 8 optical coupling input	
Extra Interface	2 ×Mini USB and 1 ×SD interface	
Power, Size, Environment		
	AC 220V, Max. 87W w/o adapter	
Power	(Camera: Max. 15W, LED Lamp: Max. 6W	
	Fan: Max. 16W, Heater Max. 50W)	
Dimensions	540mm×205mm×143mm	
Ingress Protection	IP66	
Working Environment	Temperature -40°C~+80°C, Humidity 10%~90%	
Software Features		
License Plate Recognition (LPR)	Embedded	
Monitor Lane	1~3 lanes	
Video	H.264H, H.264M, H.264B, MJEPG	
Compression		
Remote control	Configure through WEB client	
function		
	Information of the picture includes tim	e and place (channel address), lane
OSD information	information (number,/direction), plate infor	rmation(license plate and color), vehicle
superimposed	information (speed, vehicle length, body	color and the type of vehicle), illegal
	(illegal event name and the	illegal code) and so on.
Image Records Tamper-resistance	Video/Image with watermark	k tech and check function

Dimensions (mm)
